

## Uniform Stamps

According to the World Health Organization (WHO) International Health Regulations, you must be certified to administer yellow fever vaccine by your state health department. The Uniform Stamp is used for validating a completed International Certificate of Vaccination or Prophylaxis (ICVP) against yellow fever. Other pertinent information related to uniform stamps follows.

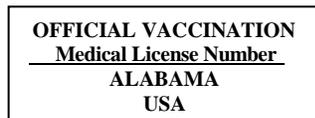

- The Uniform Stamp should be kept in a safe place when not in use and must not be loaned.
- Loss or theft of a Uniform Stamp must be reported immediately to the Alabama Department of Public Health, Immunization Division, Yellow Fever Coordinator at 334-206-9451.
- Continued need for possession of the Uniform Stamp should be reestablished periodically.
- A format sample of the Uniform Stamp is shown below.
- The size of the stamp face should not exceed 5/8” by 1-1/4” due to the limitation of space provided for validation in the International Certificates of Vaccination

Examples:

Manufacturer’s stamp:

Alabama Yellow Fever Stamp Number:

Please include your medical license number on the blank line between the words “Official Vaccination” and “Alabama” when having your stamp created. Do not include anything other than the number. Do not include the words “medical license number” on the stamp, just the actual medical license number.
